

Tyringham Housing Commission and Tyringham Affordable Housing Association

Meeting of September 10, 2013

This was our annual meeting.

We had announced the meeting but no one who is not a committee member attended this meeting. Our attendees were our members and they were as follows: Bill Bean, Judy Morehouse, Vivi Manuzza, and Gail Charpentier.

We approved the minutes from the previous meeting.

We reviewed our finances which have not changed since last meeting since there have been no fund raising efforts of late.

The agenda for the meeting consisted of our plans to join with the Selectment, and the Historical Commission in a project to renovate the School House and put an affordable rental unit in it. We would restpre the original exterior of the School House which we all agreed is a beautiful building. Plans for the interior would include the members of the Historical Commission, the Tyringham Housing Commission, the Tyringham Affordabel Housing Association and an architect. Fund raising would be asking town residents for support, speaking with local banks and writing grants.

We were pleased that after canvassing the members of the Historical Commission that they were as pleased with the concept as we were.

It was decided that we would schedule a meeting with as many Historical Commission members who would like to attend and we would make plans for going forward with this concept.

Respectfully submitted,

Gail Charpentier
